

Howard Electric Cooperative

A Touchstone Energy® Cooperative 

QUESTION AND ANSWER FACT SHEET

Q. When was Howard Electric Cooperative organized?

A. During the summer of 1936 Howard County farmers and businessmen worked with the county extension agent organizing a cooperative for the purpose of getting electricity for rural Howard County. The cooperative was registered with the Secretary of State in December, 1936.

Q. Why was Howard Electric Cooperative organized?

A. Many rural Howard County families wanted the benefits of electricity, but couldn't seem to get it to their farms. They decided to organize their own non-profit consumer cooperative.

Q. Does Howard Electric Cooperative serve consumers in Howard County only?

A. No. Some people in southern Randolph County wished to have electricity, but the utilities would not build lines to them. They asked the directors of the new cooperative if they could become members and receive electricity, too. The cooperative directors agreed and soon Howard Electric Cooperative lines were extended to farms in Randolph County.

Q. In what counties does Howard Electric Cooperative service consumers now?

A. Howard, Randolph, Chariton and Boone.

Q. How many miles of line does Howard Electric have?

A. Starting with 115 miles of line, Howard Electric Cooperative now has 912 miles of line.

Q. Who oversees the operation of Howard Electric Cooperative?

A. A nine member board of directors elected from among the members of the cooperative.

Q. How are the directors elected to the board of directors?

A. Directors serve staggered three year terms. Three directors are elected each year at the annual membership meeting.

Q. Who are the present directors?

A. Dale Kirby, President
Kenny Nordmeyer, Vice President
Debbie Wiswall, Secretary
Bill John, Treasurer
George Frink, Director
Curtis Baylor, Director
Marvin Hilgedick, Director
Oran Boulden, Director
Bill Westfall, Director

Q. How do the directors operate the cooperative?

A. They hire a manager who oversees the day-to-day operations of the cooperative. The directors meet once each month to review the operations of the cooperative and to formulate and establish policy.

Q. Who is the manager of the cooperative?

A. Richard Fowler is the general manager.

Q. How many consumers does Howard Electric Cooperative have?

A. Howard Electric Cooperative has approximately 3,500 meters.

Q. How many employees does Howard Electric Cooperative have?

A. Fourteen.

Q. Who supplies power to Howard Electric Cooperative?

A. Central Electric Power Cooperative, a G & T (Generation and Transmission Cooperative) supplies power to the substations.
